MEMORANDUM FOR: Mr. Lloyd

SUBJECT : Rescission of Confidential Funds Regulations

REFERENCES ; a. Memo dtd 15 Jul 55 to DD/S fr Actg D/Pers, same subject

b. Memo dtd 28 Jul 55 to DD/S fr D/Personnel, same subject

1. On 9 June Colonel White gave the job of bird-dogging the subject (Ref. a.) to me. Since that date I have been in frequent touch with Personnel and that Office has made some progress in clearing up these rescissions. At the time of my last report on the matter to Colonel White, he requested specific target dates for the wind-up of this business. Attached are the results of my relay of this request (Ref. b.).

2. In short, Personnel figures to clear up the bulk of these rescissions insofar as that office is concerned by 31 August. The remainder, regs on allowances, staff agents, and a general reg on details of personnel within the Agency, should be completed by 30 September. Personnel is working closely with Regulations Control Staff on the entire package and obviously coordinations required may be expected to postpone final rescissions beyond the target dates. I know Colonel White is impatient over delays and rightfully so since Personnel gave assurances that this business would be cleared up promptly as long ago as September 1954. However, this business now has priority and with the limited number of people Harry Reynolds has who are up to this type of detail, I feel the targets set are about all we can expect.

3. I suggest acknowledgment per the attached with it understood that I renew the attack after the first of September. Recommend signature on proposed memo to Director of Personnel and return of attached material to me for follow up. I doubt if you need to wade through this material at this time unless you have specific interest in it.
