ROOM NO. 122	BUILDING East	
REMARKS: <p>Either you or Col. White called [REDACTED] last Wednesday for a reference to the basic directive covering dismissals during "hazardous weather". The attached is a copy of the directive which was once incorporated in an Agency notice. The present notice simply says people will be advised when dismissal is authorized.</p> <p>Although the paper was issued in 1952, it is still followed, the only change being that the Civil Service Commission now puts out the word upon notification from Mr. Kneipp.</p> <p style="text-align: right;">Bertha</p>
