The Honorable Allen W. Dulles  
Director of Central Intelligence  
Central Intelligence Agency  
Washington 25, D. C.

Dear Mr. Dulles:

The 12th Annual Federal Safety Conference is to be held in Chicago on October 21 and 22 in conjunction with the National Safety Congress. This is the one yearly nationwide conference at which representatives from all Federal agencies meet to discuss accident prevention in government.

The subjects discussed and the ideas exchanged provide a wealth of information on the most advanced and effective techniques and methods in use today. This conference also affords an excellent opportunity for Washington staff members to meet with field employees responsible for safety to discuss mutual problems and formulate plans for greater constructive and cooperative action in this important Federal activity.

It would be greatly appreciated if you would approve and encourage the attendance at this conference of members of your staff in Washington and in the field having responsibility for your safety program.

May I also express my personal appreciation for your cooperation and continued assistance in our Federal Safety Council activities.

Sincerely yours,

James P. Mitchell

Secretary of Labor
