MEMORANDUM FOR : Mr. White

SUBJECT :

[REDACTED]

25X1A9a

1. With reference to our conversation at lunch last Thursday, I believe I tended to confirm your understanding that we had promoted [REDACTED]

25X1A9a

2. Actually, he was not promoted in the strict sense. He came to my office as a GS-3 earning \$3,770. We trained him as a multilith operator and, since multilith operators are under the LB scale, we had to pay him under that scale. Agency policy provides that a satisfactory employee not be reduced in pay as a result of change from the GS to LB scale. As a result, [REDACTED] came to earn \$57.20 a year more.

3. From what you said, the case is closed, but I did want to be sure that my presentation of the facts to you was accurate.
