MEMORANDUM FOR: Colonel White

SUBJECT : Proposed Regulation  Foreign Residence Restrictions 25X1A

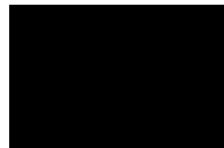

Regarding the Foreign Residence Restrictions Regulation, here are the highlights:

a. 18 Jan 55 Following the Deputies' Meeting the day before, at which time the Director mentioned this subject, you wrote a memorandum to the Assistant Director for Personnel assigning him action responsibility on this problem (*attached*)

b. On 9 July 1955 after Personnel and General Counsel had studied the matter you requested a staff study on the execution of the proposed Agreement. The staff study was completed and approved by the Director on 23 August.

c. From 23 August 1955 to the middle of January 1957 drafts and revised drafts of the proposed Regulation were circulated back and forth between RCS and various offices concerned.

One excuse, about the only justifiable one, that I would advance in this case is that these delays occurred during a period when the processing of Regulations had bogged down with the result that a tremendous backlog was created.
