MEMORANDUM FOR: Colonel White

THROUGH : Mr. Lloyd

SUBJECT : Memo dtd 23 June 55 to DD/S from DD/P, subject:  
Proposal for the Organization of an [REDACTED]

25X1A8a

25X1A8a

1. If the Agency is to continue to be responsible to the NSC for actions of the type epitomized by PERSUCCESS, the objective of the paper would seem justified. A principal inference of the proposal would seem to be that such action units, when actually deployed, will require unique support systems and techniques and specially trained support personnel.

25X1A9a

2. I discussed these angles with [REDACTED]. He is aware of the support considerations but indicated that individual training would be principal business during the first twelve months. While he is perfectly willing that DD/S encumber one or several of the [REDACTED] slots, he does not believe it would be worthwhile during the initial twelve months.

25X9A2

3. RECOMMENDATIONS:

If the proposal is approved, DD/S should require that:

25X1A8a

a. Within one year the [REDACTED] submit to DD/S a comprehensive report regarding support requirements including proposed support system, individual and unit training of DD/S personnel, etc.

b. DD/S personnel participate in unit training exercises [REDACTED]

25X1A6a

c. DD/S provide the support element of any task force or unit participation [REDACTED]
