MEMORANDUM FOR: Director of Personnel

SUBJECT: Loss of Experienced Employees

1. A study of attrition in grades 11-15 by employees of this Office does not reveal any serious threat to our continued employment stability.

2. The rate of attrition in grades 11-15 in the Agency as a whole is 4.7%. In these same grades our three major components have annual rates of .5%, 1.4% and 5.3% for an approximate over-all Office average annual rate of 2.4%, a figure too low to cause serious concern or to indicate dangerous proselyting.

3. We attribute this low rate to continued selection of employees with proper life-time Agency career motivation as well as qualifications; and the state of high morale in the Office of Operations.

GEORGE G. CAREY
Assistant Director for Operations
