25X1A

1. It is recommended that a sum of \$9,000.00 be allotted . to pro- 25X1A6d vide emergency electric power service for the new Records Storage Building.

25X1A

2. Based upon reference memorandum, funds in total amount of \$43,000.00, have been approved for provision of normal and standby or emergency power service These funds do not include standby or emergency service to the Records Storage Building which is presently in planning stage. The estimates which were prepared as a basis for approval of \$405,000.00 for the Records Storage Fullding do not provide emergency or standby power for the building. In the event of an emergency this building could be used for other operational purposes, provided emergency power connections are available. To accomplish this it will be necessary to enlarge the standby generator facilities and install the required switchgeer and overhead pole lines.

3. Approval of the above allothent is recommended.
