

CERTIFICATE

24 March 1954

Stock numbers are not available on many of the items listed on Survey Report, since the items were picked up on accountability from local purchases. For this reason I included prices which are not available at the Washington Supply Branch. My Storekeeper, Mr.

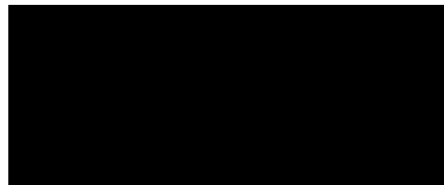

25X1A9a

 accepted for salvage all items listed except for two

25X9A2

 Badges, which were lost.

The depreciated value of \$9.00 I arrived at, valuing the two lost badges and the mercenary lantern at full value and all other items as having no value since they were completely depreciated at the time of turn in.
