MEMORANDUM FOR: Deputy Director(Support)

SUBJECT: Brochure on [REDACTED] 25X1A6a

25X1A6a

1. Sometime ago I discussed with personnel at [REDACTED] the desirability of working up a book on [REDACTED] its background, costs, new construction, etc., for the period January 1951 through July 1956. [REDACTED] brought to my office, the inclosure which is for your information and retention. [REDACTED] said that his Deputy, [REDACTED] was the one primarily responsible for this work.

2. I have reviewed it and have suggested certain revisions which I think will make it even more valuable. I have sent these down to [REDACTED] with a request that when he has the time, they be incorporated. You will note that it is possible to remove and replace material and this we will do when the occasion arises.

25X1A9a

3. While I think we may want to show some things in slightly different form, I invite your attention to Exhibit C which shows the cumulative value of the place, and Exhibit I, which shows the value of equipment in place. With respect to this latter Exhibit, the very large rise for Fiscal 54 and 55 is due to the fact that during that period the laboratory and [REDACTED] were completed. Of course the equipment was for the most part, available from stocks and the expenditures are not properly chargeable to the Fiscal Years shown on the chart, therefore, the chart should be looked at as a cumulative inventory of equipment put at [REDACTED]
