MEMORANDUM FOR: Deputy Director for Support

25X1A6a

SUBJECT : Alterations in [REDACTED]

REFERENCE : Memo from Assistant for Administration, NPIC, dated 19 May 1964

1. This memorandum contains a recommendation for Deputy Director for Support approval. The recommendation is contained in paragraph 5.

25X1A6a

2. The reference requests authorization for the commitment of funds and the issuance of work orders for 8 items of alterations and improvements in [REDACTED] as described and justified in Attachments A through H in reference.

3. The first 6 items are requested because of organizational or operational needs established by NPIC. They have been staffed out and estimated by the General Services Administration Group Funds or GSA Design and Construction Division through direct liaison of NPIC. They will be funded from NPIC funds.

4. The last 2 items are being handled through the Real Estate and Construction Division, OL. A memorandum is being forwarded which requests the Region to survey the window condensation problem. The Region's study of the fumes exhaust problem is about completed. The 2 problems are considered to be building deficiencies and it is proposed to use construction funds now available.
