Reclaim Memorandum - [redacted]

25X1

1. Transmitted herewith for consideration is reclaim memorandum of [redacted] who periodically performs services for your activity.

2. The exception in question was predicated upon the fact that [redacted] had scheduled a trip to Nashville, St. Louis, Chicago and New York on personal business, travel to Washington for CIA apparently being incident thereto. This contention is supported by rail and air stubs which indicate that reservations for the personal portion of the trip were secured substantially in advance of the time of departure from Boston for Washington. No evidence is available as to the time your office ordered [redacted] to perform duties in Washington on 27 and 28 April 1949.
