Chief, Fiscal Section

6 July 1947

CONFIDENTIAL

Enclosed are memorandums of accounting dated 14 March 1947 to Mr. [redacted] which you released to the undersigned on 28 June 1947 for discussion with Mr. [redacted] a certified true copy of letter dated 30 June 1947 addressed to the attention of [redacted] in which he stated how he would be in a position to liquidate his indebtedness to the United States Government.

While Mr. [redacted] did not so state in writing, he informally advised that his remittance beginning 1 August would be in the form of cash at the rate of \$100 monthly and would be forwarded to the undersigned by registered mail for disposition.

It is expected that the first payment received will be applied toward liquidation of the indebtedness to vouchered funds and the following payment will be forwarded to your attention for appropriate action. The next remittance will be applied to the vouchered accounts and the fourth payment will be forwarded to your attention for application toward the unvouchered accounts. This same arrangement will be followed until his indebtedness has been completely liquidated to vouchered funds (which is the smaller account), at which time all monies received will be forwarded to you.
