*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Acting Personnel Director

DATE: 12 December 1951

FROM : Chief, Classification and Wage Division

SUBJECT: Action Concerning Requests for Increase in the Table of Organization for Finance Office and Finance Division.

1. Enclosures (1) and (2) concerning subject matter were routed to this Division for action relative to reclassification of positions and allocation of grades. Action taken was limited to allocation of grades only since pursuant to agreement reached with the Comptroller. Mr. E. R. Saunders, reclassification of positions was, except for two cases, to be held in abeyance in order to focus full attention on the allocation of initial grades to proposed positions. The two exceptions resulted in the following reclassifications:

- A. Chief of Planning and Field Audit Branch from GS-13 to GS-14.
- B. Assistant Chief of Planning and Field Audit Branch from GS-12 to GS-13.

Other than these, the action of this Division was concerned solely with grade allocations, the results of which are as follows:

- A. The Coordinating and Contracting Staff (Covert Support Staff). Allocation of grades to individual positions comprising this staff was made the object of a special study due to consideration of the time factor involved. Proposed grades were approved subject to refinement of functional statements and preparation of job descriptions properly signed.
- B. Office of the Comptroller. One Secretary-stenographer GS-5 requested. Grade approved on basis of I.A. comparison.
- C. Budget Division. Analysis of duties and responsibilities for the additional grade GS-13 Budget Examiner indicated that Grade 13 is warranted and allocation thereof is approved.
- D. Fiscal Division. Five additional positions were requested: four GS-4's and one GS-5. These are IA-able to existing positions and were approved without individual analysis.
