

Office Memorandum • UNITED STATES GOVERNMENT

TO : Comptroller

DATE: 25 April 1955

25X1A

FROM : [Redacted] Member of Technical Accounting Staff

SUBJECT: Projects [Redacted]

25X1A2g

1. In view of my pending transfer to the Project Administration Planning Staff, I discussed my representation of the DD/S responsibilities on the above project with the DD/S on 18 April. It was the DD/S's decision that since this project is expected to terminate its cover and commercial aspects as of 30 June, I should continue to represent the DD/S through the period of such termination.

2. With reference to Project [Redacted] the Chiefs of PAPS and TAS, respectively, have concurred in a request made by the IO Division that I continue to represent the interest of the Comptroller in this project through the termination of Phase I, which should end about the month of July of this year. This request was made by IO Division because of unusually sensitive conditions surrounding the unwitting personnel of the project.
