Office Memorandum • UNITED STATES GOVERNMENT

Handwritten initials/signature

TO : Comptroller

DATE: 25 August 1954

FROM : Chief, Technical Accounting Staff

SUBJECT: Review by Office of the Comptroller of Financial Activities within Special Stock Account No. 2

REF : My memorandum to you dated 12 August 1954, same subject.

In accordance with your request, the writer contacted the Chief of the Procurement Division, Logistics Office, today to arrange for the subject review. The Chief, Procurement Division, advised that a report is expected shortly from an overseas agent concerning the utilization of the funds involved and it is his expectation that upon receipt of this report a substantial change will occur in the financial status of the account. The writer was given to understand that this change will involve actual payment of incurred obligations in connection with the subject operation. Accordingly, it was arranged that we would defer a study of this matter until the latter part of September.
