19 June 1973

MEMORANDUM FOR: United States Intelligence Board

SUBJECT : Termination of the National Intelligence Survey Program

1. The Director of Central Intelligence has determined that the CIA can not continue to provide positions or funds for the National Intelligence Survey Program and proposes, therefore, that the necessary steps be taken to phase out the NIS Program during Fiscal Year 1974.

2. As Chairman of the NIS Committee of USIB, I request approval to work out the necessary details to implement the proposed termination of the NIS Program. As part of this termination process, I propose that inputs to the National Intelligence Survey be terminated by 1 January 1974 in order that publication of the NIS product may cease by 1 April 1974.

25X1A9a

JOHN KERRY KING
Chairman, NIS Committee
