I. SIGNIFICANT ITEMS

Nothing to report.

II. OTHER ACTIVITIES

a. C/OS provided the OS portion of an OTR briefing offered on 21 March to six FE/Support officers who are preparing to depart for the Far East.

b. Messrs. [redacted] all of OC/[redacted] were at Headquarters on 21 and 22 March for two full days of intensive briefings by senior members of the DDP/CI Staff.

c. Messrs. [redacted] were at Headquarters on 26 March for conferences with DTR and C/OS, and to attend the preview of the training film on Safe Sites.

d. DC/OS attended a meeting on Monday, 25 March, with representatives of NEA Division, PPS/TR, and LAS/TR. The discussion centered around basic, operational, and language and area training for a large number of new recruits to be given assignments in the Near East. It was contemplated the first group, numbering approximately 30, would be available at the beginning of September 1957, with smaller groups coming on duty during the remaining part of 1957. Still others will EOD during 1958. Because of the varied nature of assignments for these recruits, some would take the Operations Course and others the Operations Familiarization Course, in addition to the other required training. Because of the priority which has been given to this program, it is felt that these new recruits can be handled in regularly scheduled OC's and OFC's without setting up any special tutorial training. Considerable leeway is possible because they will receive language and area training either prior or subsequent to operations training.
