MEMORANDUM FOR: Chief, Operations School, OTR

SUBJECT: Request for Special Tradecraft Course

25X1A2g

1. It is requested that a special tradecraft course of one week duration beginning 6 June 1966 be arranged for personnel of [REDACTED]. There are five people involved, the most recent of whom EOD's 1 June 1966.

2. Due to time limitations we find it impossible to enter them in a regularly scheduled course.

3. It is recommended that course content be tailored to fit their needs. Reference is made to the OTR publication, "Guide to Instruction in Basic Tradecraft." All Sections as listed should be covered. However, the Sections on Agent Acquisition and Reports can be deemphasized as these are not of primary concern to these personnel. Major emphasis should be placed on Section V, "Means of Circumventing the Active Opposition."

4. It is further recommended that these men be trained at Headquarters or, if this is not possible, at 1000 Glebe Road.
