

USAF Declass/Release Instructions On File

Dear Bob,

8 February 1972

Thought I would take the opportunity of [redacted] presence to "courier" this to you. This way we can positively avoid the chance of an incorrect address or mail routing!

The officers involved, their security clearances and areas of interest are listed below. They will be in Washington from 23 through 25 February; I will check with you prior to their departure to confirm which two days are most convenient for your folks. *

Attached are primary points the group wishes to discuss.
