B. On 19 July the Registrar talked with the Senior Officers concerning the Registrar's Office support to them while they are at school. He also briefed them on the Cooperative Program offered by many of the schools in conjunction with George Washington University.

C. The DIA Chief of Staff, [redacted] paid a social call on the Registrar on 15 July. He was in the building to take a look at the facilities of the Defense Attache system on the first floor. At the time of his visit, both the DTR and the DDTR were otherwise engaged and the Admiral was unable to stay long enough to call upon either of them. Subsequent to his visit, and at his suggestion, I visited for a few moments with [redacted] and [redacted] in the Attache offices. They are feeling their way in this new program. Should we desire a presentation on the Attache Program in any of our training I am certain Colonel [redacted] would be glad to oblige.

D. The development of a training program for [redacted] has been completed and an interim report made to the Executive Director. I am now awaiting detailed schedules from the various offices. When I receive these, I shall put them together as a final program for [redacted]. It now appears that [redacted] will be in a training status through 15 September with the week of 9 August used for briefings by directorates and independent offices of the Agency. While [redacted] is in residence at 1000 N. Glebe we hope to find an opportunity for a briefing on the Office of Training by the DTR and the DDTR. Arrangements have also been made with [redacted] for a visit to [redacted] and [redacted]

F. Plans for the Off-Campus Program for this fall are moving ahead and we have been able thus far to find instructors for all but three of the courses which we plan to offer. An Employee Bulletin on the Off-Campus Program will be circulated early in August so that as many Agency personnel as possible are aware of the opportunities for self improvement. We also hope to publicize the Off-Campus Program through the public-address system daily-spot announcements which Employee Services uses for other activities.

Although we secured the Clandestine Services' approval for the year's training on 26 April 1965, I sent [Redacted] for a debriefing as he innocently mentioned he would be doing a "little job" for WE. He was then scheduled for a processing interview with [Redacted] [Redacted] My last unfinished business is to get NPIC to decide what allowances they plan to pay, i. e., educational, housing, etc.
