

# Memorandum

TO : Director of Training

FROM : Chief, Language Training School

SUBJECT: Weekly Activities Report No. 23

DATE: 19 August 1965

A. SIGNIFICANT ITEMS

None to report.

B. OTHER ACTIVITIES

6 { 1. The last three of the 15 classes in the Voluntary Language Training Program ended on 12 August, thus officially closing the Spring-Summer semester 1965. Seventy-one out of the 133 who began classes in March completed their full 20 weeks VLTP training. The dropout rate this semester was 47%. Of the 71 students 17 had poor attendance records, i.e., 25 or more hours of absence out of the 95 to 98 regular class hours.

2. Twenty-one VLTP students took Agency Proficiency Tests at the end of the basic course in French, German, Russian and Spanish. Four are scheduled to take the Italian test.

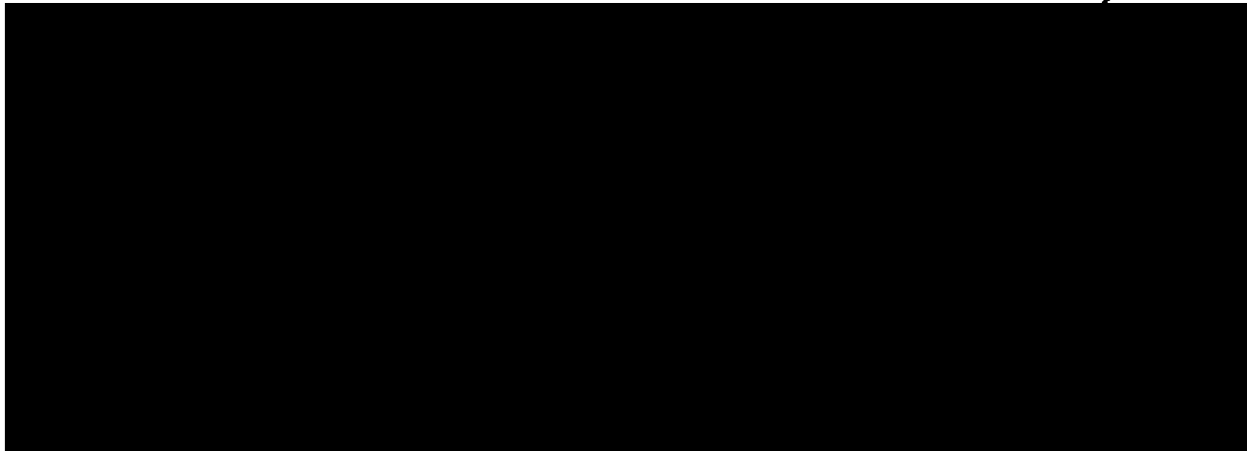

25X1A 3. [REDACTED] is back from three weeks at Defense Language Institute/WC (formerly Army Language School) in Monterey, California. He was there as a consultant on their overseas language training program, especially the Chinese course. The work was progressing well and [REDACTED] was able to give overall help with the form of the course and framed the grammar section of the Chinese course into practically its final form.

5. Experienced a mild scare on the [redacted] 25X1A  
water supply while the German language group was there  
during the week 2-6 August. [redacted] called and 25X1A  
informed that the water samples, taken by a testing  
laboratory, indicated the presence of bacteria. Small  
indeed but sufficient to warrant necessary precautions.  
Further samples were taken and subsequent analysis  
proved negative. The language group took the inconven-  
ience in stride and completed the week without incident.

6. The reserve water supply, for [redacted] fire 25X1A  
fighting purposes, has been installed and is operative.  
The tank is underground and only the outlet is visible.  
A fire detection system is scheduled for installation  
within the next two weeks. This will provide a degree  
of protection from fire when the site is unoccupied.

7. The language labs were used a total of 995  
hours during the four-week period ending 7 August;  
before hours 88, after hours 132 and weekends in  
Arlington Towers 44.
