A. SIGNIFICANT ITEMS

None to report.

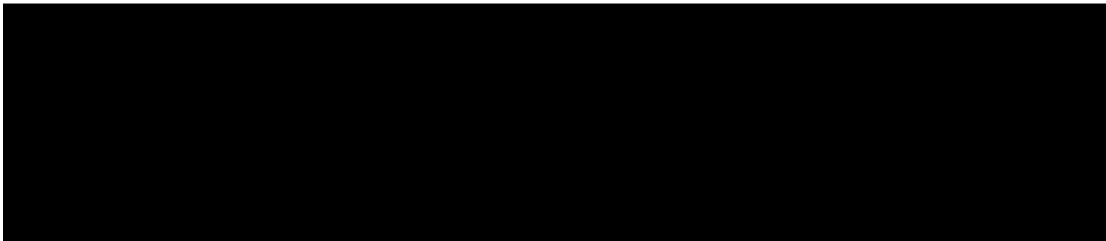

B. OTHER ACTIVITIES

W
1. As of 15 January 1965 there were still 107 students attending class in the VLTP. This represents 51% of the 198 who began the semester.

In Spanish there are only 24 students left out of 63 who began. One Spanish 101 class (2) was discontinued on 15 January and a German 101 class (3) will be discontinued on 29 January. This leaves two Spanish (101) classes out of the original 4 (101) to finish the semester.

4. [REDACTED], TO/EE Division, has requested full-time Polish training for one officer. This requirement comes just in time since the Office of Communications has just pulled out its full-time student of that language, due to change of assignment. [REDACTED] our newly recruited native Polish tutor who started with us only two months ago, is doing a thoroughly professional job as drill instructor and we are pleased that she will be able to continue with us.
