MEMORANDUM FOR: Director of Training

SUBJECT: Weekly Activities Report No. 37  
8 - 11 September 1970

1. [REDACTED], DCI/PPB, a student currently at the National War College, appealed to us to pay for his thesis course (\$348). This course is part of the master's degree program at NWC but GETA specifically prohibits agencies paying the cost of training to obtain an academic degree. We do pay for the 15 hours (\$870) in the program we consider job related. [REDACTED] complaint is that his colleagues are reimbursed for the whole program. This is a fact because the military and FSI are exempt from GETA. We can't rationalize paying this course fee which merely entitles the student to submit the paper he must write for NWC to George Washington University as his thesis requirement. In our opinion this is [REDACTED] option and he must pay for the thesis course as his predecessors have done. [REDACTED] will participate in the degree program.
