FROM : Chief, Management Training Faculty

SUBJECT: Senior Management Seminar; Analysis of Critiques

DATE: 13 January 1961

~~This document part of classified integrated file. NAME CHECK required prior to individual classification action.~~

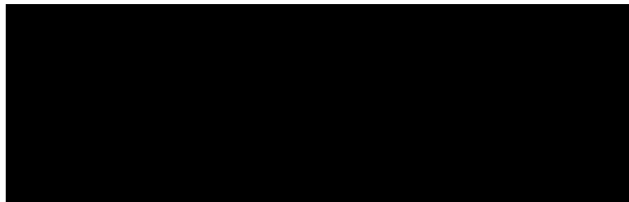

1. As of today, we have received twenty-nine of the replies to our request for critiques. Six persons have yet to be heard from, but I feel that their observations will not seriously affect the consensus reported herein. As a matter of interest, eighteen of the participants managed to meet our deadline for submission of the critiques.

2. Some arbitrary scheme of classification of replies was obviously necessary in many instances in order to make this report more a summary than a re-listing of points. Anyone interested in reading all of the critiques in detail can get them from me.

3. We should probably remind Col. White that Mr. Dulles expressed interest in seeing this report. Also, I think that you, Joe, [redacted] and I should go over some of the points together before we get too much closer to the dates of the next seminar.
