Honorable Richard McG. Helms  
Director, Central Intelligence Agency  
Washington, D. C. 20505

Dear Mr. Helms:

It is a pleasure to inform you that [redacted] of the  
Central Intelligence Agency was graduated from the Industrial College of the  
Armed Forces on 14 June 1966.

25X1A9a

25X1A9a [redacted] has completed the ten month resident course--a course in  
the management of national security resources in their interrelated economic,  
political, social and military environments. This is an intensive graduate  
level course which includes individual and group research in selected  
national security problem areas and culminates in a study of management in  
the Department of Defense.

The educational methodology of the Industrial College places heavy  
demands on the student for individual performance and for leadership and  
participation in group studies.

25X1A9a

Through his successful completion of this demanding program, [redacted]  
has extended his previous record of outstanding performance and materially  
enhanced his command and managerial potential, thus preparing himself for  
higher responsibilities in the national and international security structure.

25X1A9a

The overall evaluation of [redacted] performance for the school year  
placed him within the 15 percent of the class next to the top 10 percent.  
25X1A9a [redacted] further distinguished himself by being among the top five civilian  
students in his class.

25X1A9a

I anticipate further mutual advantage in having your Agency represented  
in future classes at the College.

Sincerely,

*August Schomburg*
