MEMORANDUM FOR: [REDACTED]

25X1A

SUBJECT : Revised Regulation concerning the Operations School

REFERENCE : Your memorandum of 1 March 1968

1. Attached is a proposed revision [REDACTED] re this School. You may want to make changes in some of the wording to conform to standard terminology. Please check with me, however, before deciding on a final form.

2. You will note that the main change between the old and the revised regulation concerns my relationship to [REDACTED]. I have no responsibilities in fact as directed by the 1960 regulation. Since no formal instruction has been issued on the matter, the revision I propose seems to me to conform realistically to the situation as it actually exists.
