RELEASABLE FROM SSO CHANNELS. SSO PASS

TO APPROPRIATE TCOS. CITE CIA-P-018. THE FOLLOWING IS FROM  
THE CIA/PHOTOGRAPHIC INTELLIGENCE DIVISION:

POSITIONS FOR SUSPECT ELECTRONICS, FORMING A PENTAGON SHAPED  
PATTERN SIMILAR TO THAT FOUND AT THE TALLINN AMM/SAM LAUNCH COMPLEX  
AND THE LENINGRAD NORTHWEST (D34) PROBABLE AMM LAUNCH COMPLEX,  
ARE POSSIBLY UNDER CONSTRUCTION AT THE LENINGRAD NORTHEAST (B05)  
PROBABLE AMM LAUNCH COMPLEX. THE POSITIONS UNDER CONSTRUCTION  
ARE LOCATED IN THE AREA OF THE ORIGINAL, UNFINISHED, ELECTRONICS  
FACILITY. THE CENTER OF THE PENTAGON SHAPED PATTERN IS AN L  
SHAPED STRUCTURE LOCATED APPROXIMATELY 700 FEET WSW OF THE LARGE,  
RECENTLY CONSTRUCTED 300 BY 370 FOOT EARTHEN MOUND. THE FIVE  
POSSIBLE POSITIONS FORM A PENTAGON PATTERN AROUND THE L SHAPED  
STRUCTURE, WITH THE NORTHERN MOST POSITION BEING A ROAD SERVED,  
FAN SHAPED 70 BY 130 FOOT RAISED EARTH MOUND. THE OTHER FOUR

- 2 -

POSITIONS, COUNTER-CLOCKWISE, ARE: (1) THE TOP OF THE EARTH COVERED ORIGINAL ELECTRONICS CONTROL BUILDING, (2) A 40 BY 80 FOOT RECTANGULAR MOUND OR STRUCTURE SOUTH OF THE LARGE EARTHEN MOUND, (3) A 40 BY 40 FOOT POSSIBLE STRUCTURE IN THE AREA OF EXCAVATION, NEAR THE ACCESS ROAD, AND (4) THE TOP OF THE EARTHEN MOUND ITSELF. ALL MEASUREMENTS ARE APPROXIMATE AND MUST BE VERIFIED BY MORE DETAILED PHOTOGRAMMETRIC ANALYSIS, HOWEVER, THE DIMENSIONS BETWEEN VARIOUS POSSIBLE POSITIONS CORRELATE WELL WITH CORRESPONDING DIMENSIONS AT TALLINN AND LENINGRAD NORTHWEST.

THE LOCATION OF THIS ACTIVITY WITH REFERENCE TO THE POSITION OF THE LAUNCH SITES AND THE GEOGRAPHIC LOCATION OF THE NORTHEAST LENINGRAD COMPLEX CREATES A PIE SHAPED SECTOR WHICH FALLS JUST EAST OF AN EQUIVALENT SECTOR (POSSIBLE SECTOR OF EFFECTIVENESS) AT THE LENINGRAD NORTHWEST COMPLEX. THIS PIE SHAPED SECTOR AT TALLINN IS FORMED BY DRAWING LINES FROM THE CENTER OF THE PENTAGON PATTERN TO THE LAUNCH POSITION ON THE EXTREME LEFT AND RIGHT SIDE OF THE COMPLEX AND THEN EXTENDING THE LINES FOR ANY DESIRED DISTANCE REPRESENTING THE RANGE OF THE WEAPON. AT THE LENINGRAD PROBABLE AMM COMPLEXES THE SECTORS ARE FORMED BY DRAWING LINES FROM THE CENTER OF THE PENTAGON ACTIVITY, TANGENT TO THE EXTREME LEFT SIDE OF LAUNCH SITE E AND RIGHT SIDE OF LAUNCH SITE A AT THE NORTHEAST COMPLEX, AND TANGENT TO THE LEFT SIDE OF LAUNCH SITE B AND THE RIGHT SIDE OF LAUNCH SITE E AT THE NORTHWEST COMPLEX.
