 NPIC Project No J-84/63 (partial answer)

The Perm Rocket Test Facility is located in a wooded area 10.5 nm east of Perm at 58-01N 56-34E. It is served by both road and rail and has two security fences, the inner fence enclosing approximately 120 acres. The facility has one road-served vertical test stand measuring approximately 60 by 55 feet and 170 feet high, a drive-through checkout building about 185 by 100 feet and 55 feet high, and 40 miscellaneous storage and administration buildings. Within the facility are four rail spurs, one of which

terminates approximately 1,800 feet ENE of the test stand at a possible fuel-storage area

The facility was first seen on [redacted] Poor-quality photography from [redacted] permitted identification only. Good-quality photography from [redacted] provides more detail than previously observed at this facility.
