This installation (Figures 2 and 3) covers

approximately 100 acres and contains three administration buildings, 11 barracks, 13 storage buildings, 24 support buildings, five vehicle storage/maintenance buildings, and two motor parks in two equipment storage/maintenance areas.

Comparative analysis of ten KEYHOLE missions between [REDACTED] revealed the same general level of usage during this period with reduced track activity on snow-covered missions of [REDACTED] and [REDACTED]. The entire area is active. No significant changes were observed.
