Review and evaluate practical alternatives toward improving contract facilities.

B. LONG TERM:

1. Consider other programmed photo systems and their impact on the processing capabilities of contract or other facilities.
2. Pursue technical approach and make specific, technical, objective recommendations with respect to processing facilities, equipment, procedures & techniques.

C. RECOMMENDATION FOR POSSIBLE IMMEDIATE ACTION:

1. Update processing facility.
2. Make best possible duplicates.
3. Remove time pressure of materials delivery.
