John,

A brief report of activities to keep you posted...

1. The attached chart of activities should give you a picture of the distribution of my activities. Let me know if you would like any changes in the distribution.

2. The new machine prepared report of contract status is excellent. I found that I have not been covering all of your contracts with [REDACTED] and with [REDACTED] I will remedy that on the next visit.

3. Payment of the invoice submitted Apr. 3 was received today. Excellent service.

4. Have not had much luck getting through to you by telephone this week. Hope we can get together on your trip out here in May.

Best Regards,

STATINTL
