

[REDACTED] is West Coast Technical Liaison Representative  
for [REDACTED]

His duties are to contact you at frequent intervals to discuss technical and budget status of development programs you are conducting for Mr. [REDACTED]

He is particularly interested in:

- a. Problems which are causing delays in the program.
- b. Problems associated with useability of the end product at its destination.
- c. The capability of the equipment to fulfill its requirement in a total system.

To this end, [REDACTED] will require a detail knowledge of your development. If you will provide him with the information he needs and assist him in his task, I will greatly appreciate it.

In addition, [REDACTED] will frequently be able to obtain decisions for you quickly. Please feel free to call him if you need assistance.
