ATTN:

The following tasks are appended to the Statement of Work for Task Order No. 14,

1. Prepare written response to comments submitted to the contractor regarding reports SCR 288 and SCR 289;
2. Develop alternative sets of assumptions which will in effect bound the exploitation capacity during the time frame FY 1969-74, and determine what effects the range will have on the IIS concept; and,
3. In anticipation of a National Imagery Exploitation Target Base, as recommended by the JIIRG, estimate the digital storage capacity required for such a data base, recommend ADP procedures for maintenance of such a data base, and determine the effects that such a data base would have on the IIS concept.
