Subject: Contract [Redacted]

25X1

Reference: Your letter, dated 4 February 1966.

Gentlemen:

Evidently there has been some misunderstanding concerning the accountability of property generated under subject contract.

In accordance with earlier discussions, we have, for property control purposes, been considering the property generated under Contract [Redacted] as "transferred" to the follow-on Contract [Redacted]

25X1  
25X1

We came to this agreement because all property generated under Contract [Redacted] was utilized and modified under the follow-on contract. The only item not modified was the [Redacted] Clean Room Complex.

Under cover of our letter dated 2 February 1966, we forwarded a listing of all residual property generated under these two contracts (copies are enclosed). Please advise if this listing is not sufficient.

In the event that present discussions concerning the possibility of additional programs, which will utilize all or a portion of the property generated under our previous contracts, do not come to fruition, [Redacted] will be pleased to issue an offer on the residual property. However, at this time, we feel that such an offer would be premature.
