Ray -

After getting a call from [redacted] of [redacted] yesterday, I left the attached message for [redacted]. This morning he sent me to [redacted] to check on the "group we are hosting." He in turn called [redacted] to identify it and the schedule for Thursday.

Ray said it was COMIREX, but R. [redacted] already knew that their meeting here on 9/25 had been postponed. [redacted] said he would call [redacted] and settle it. [redacted] specifically said it was not to pass that info along when I called [redacted] & I did not.

~~It called~~ However, [redacted] wants them to give the initial "general" briefing to representatives of the Groups and Staffs in the 6th Floor auditorium, on Thursday, about 1000. He told me to have you "lay on" for the auditorium briefing, including your preparation of a memo announcing the briefing to each of the Groups and Staffs. I passed this info on to Paul and he is available if you have questions. ~~It called~~

I called [redacted] to give an OK to their arriving at 0930 on Thursday. He asked if Star [redacted] were available.

X1
 for simultaneous projections -- I checked
 with [redacted] -- he said "no", so
 I'm going to recommend to [redacted] 25
 that he bring his own. Although
 X1 [redacted] wanted you to arrange for
 the briefing, I answered [redacted] 25
 question to the effect that it would
 probably be Thursday AM -- he
 will have to get his equipment back
 from on loan.

I have ~~was~~ arranged with security for 25
 a parking space for both days. [redacted] 25
 thought one afternoon with [redacted]
 would not be enough.

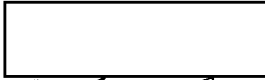

I would like to sit in on as
 much of the briefings & discussions as possible.
 In addition to my existing Cold Eval. Study
 for FY70, I have just been added to
 a 3-man group assisting [redacted] 25
 in preparing an R+D cold program paper
 over the next two months. I will be
 back from Hdqtrs. ~~on~~ Tuesday afternoon 25
 See you then.

2. On the basis of Ray's prior contact he expects to give two briefings: # one, in summary, to a "group we are hosting" (2) through  -- and # two, more detailed discussions with Jack , et al. The subject will mostly concern the "fancy" material (COLOR FILM?), their current capability and handling considerations, both up there and down here.

3. They have prepared a double set of viewgraphs and will be able to pass the info on to  who will be visiting them on those days.
