MEMORANDUM FOR: Assistant for Technical Development, NPIC

ATTENTION:  Development Staff, TDS/NPIC

FROM: Chief, Imagery Analysis Division, CIA

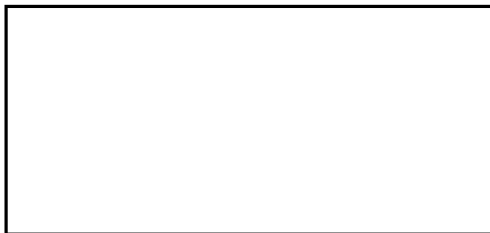

SUBJECT: Dual Viewing Light Table

- REFERENCE: 1) Memorandum, NPIC/TDS/D/6-1724, dated 19 December 1966  
Subject - As above
- 2) Memorandum, IPO/OSB/M-189-66, dated 22 December 1966  
Subject - Evaluation of Development Objectives for the  
Dual Viewing Light Table

1. The Imagery Analysis Division does not, at this time, have a requirement for a device such as that described in the development objectives attached to Reference One (1) above. Lacking a requirement for this device, we are unable to concur with the development objectives; however, we have no basis upon which to object to such a development effort.

2. Since this development objective was undertaken at the suggestion of the Photographic Analysis Group, NPIC, we feel that any device meeting their requirements would be satisfactory for any limited need we might encounter.

3. While we have no direct interest in this development, we would appreciate being informed of its progress, and being given an opportunity to evaluate any resulting prototypes.
