16 December 1966

MEMORANDUM FOR: Chief, Technical Development Staff, DS

SUBJECT : Residual Equipment [redacted] Task 02 STAT

1. Attached is a copy of an informal letter listing residual equipment for the subject contract and purchase costs thereof. Abandonment of this Government property to [redacted] in return for further data on photobleach, that may develop, was favorably considered in discussion with [redacted] previous to the last visit to [redacted] STAT
STAT

2. Inasmuch as the normal dollar return for such items by the contractor is about 10% or [redacted] for these items, and because the most promising results of the photobleach process were only recently attained it is recommended the equipment be abandoned to promote further studies of the process and that [redacted] [redacted] Southwest Station, Washington, D.C. be designated as the recipient for the information.
