STAT Attention:  Contracting Officer

Subject: PROPOSAL FOR PHASE III

STAT Reference: 

Gentlemen:

We are submitting a proposal to cover an additional twelve months of research and development in the area of Photobleach Photography. Work on this subject is now being done under Task 02 of Contract  A description of the proposed third year's work is shown in the attachment entitled "Technical Proposal-Photobleach Photography, Phase III" dated 10 June 1966.

STAT

Our estimated CPFF cost for conducting the work covered by the attached technical proposal is:

STAT

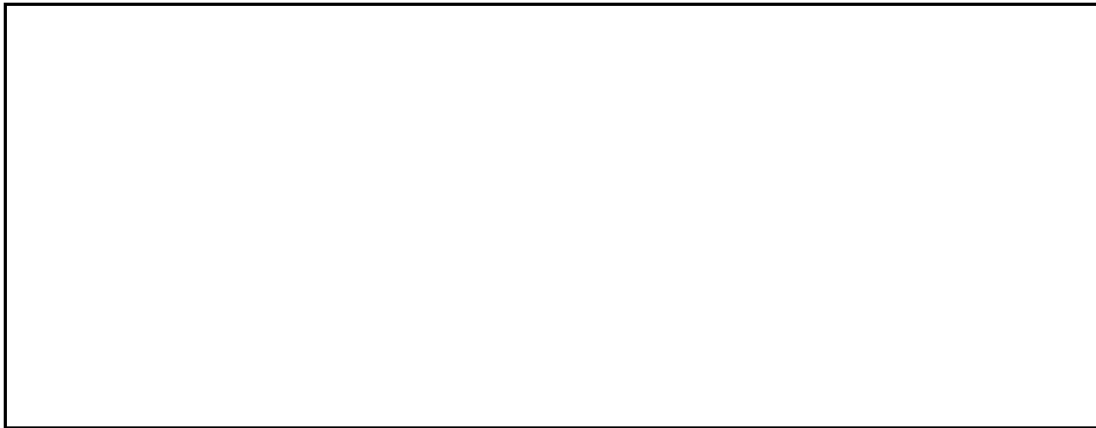

Informal reports covering progress of the work will be submitted each month, and at the completion of the technical work, a final summary report will be furnished.

Declass Review by NGA.

STAT

10 June 1966

We estimate that we can complete the work described in the attachment and submit the final report within twelve (12) months after completion of the present Task 02 provided there is no time gap in the authorization of this follow-on program.
