b. Proposals

(1) New Proposals: The proposals listed below are available in the Technical Development Staff for anyone interested in reading them.

164/66 - A Proposal for Engineering Services P-71, [redacted]

50X1

165/66 - Technical Proposal, Color Film & Paper Dryer, [redacted]

50X1

166/66 - Proposal for Investigation of Color Print and Color Sheet Film Drying, [redacted]

50X1  
50X1

167/66 - Technical Proposal, Investigation Information Advanced Color Film & Print Drying Techniques, [redacted]

50X1

168/66 - Color Print Dryer Color Sheet Film Dryer, [redacted]

50X1  
50X1

GROUP 1  
Excluded from automatic  
downgrading and  
declassification

169/66 - Stereo Comparator Proposal [redacted] 50X1  
[redacted] 50X1

170/66 - Color Sheet Film & Color Sheet Paper Drivers [redacted] 50X1

171/66 - Automatic Viewgraph Generator, [redacted] 50X1  
[redacted] 50X1

172/66 - Service Rates for Field Maintenance Service on AP-3 Computer, [redacted] 50X1  
[redacted] 50X1

173/66 - Magnetic Tape to Photo Reproducer, [redacted] 50X1  
[redacted] 50X1

174/66 - Magnetic Tape to Photo Reproducer [redacted] 50X1  
[redacted] 50X1

175/66 - Compact Printer & Processor for "Fly-Away" System Dry Process Printer, [redacted] 50X1

176/66 - Proposal for a Magnetic Tape to Photo Reproducer [redacted] 50X1

177/66 - Technical Proposal Feasibility Crop Yield Study, [redacted] 50X1

178/66 - Estimating Crop Yields Through an Analysis of High Altitude Reconnaissance Photography - [redacted] 50X1  
[redacted] 50X1

179/66 - Crop Identification and Yield Study through an Analysis of High Altitude Reconnaissance Photography - [redacted] 50X1  
[redacted] 50X1

180/66 - Technical Proposal for a Study of the Feasibility of Estimating Crop Yields Using High Altitude Reconnaissance Photography. [redacted] 50X1  
[redacted] 50X1

(2) Rejected Proposals: (Reason: unsuccessful bidders)

166/66 - Proposal for Investigation of Color Print and Color Sheet Film Drving, [redacted] 50X1  
[redacted] 50X1

SECRET

167/66 - Technical Proposal, Investigation Information  
Advanced Color Film & Print Drying Techniques,

[Redacted]

50X1

168/66 - Color Print Dryer Color Sheet Film Dryer,

[Redacted]

50X1

170/66 - Color Sheet Film & Color Sheet Paper Dryers,

[Redacted]

50X1

c. Interim Action

An overrun of \$1,179,54 for the development of a Change Detector  
with [Redacted] was approved on 14 November 1966.

50X1

This overrun will be obligated from FY 1962 R&D funds. This  
action was taken because the final audit of the contract at  
completion revealed a legitimate overrun.

2. New Business

a. Dry Process Printer

[Redacted]

50X1

b. Precise Measurement Study

[Redacted]

[Redacted]

50X1
