MEMORANDUM FOR: Chief, IEG
Chief, PSG
Chief, TSSG

SUBJECT : Five-Year Planning

1. Attached are the instructions from Chief, PPBS for submitting contributions to NPIC's five-year plan, FY 72-76.

2. By its nature, five year planning and programming focusses on numerical expressions of what we believe we shall and might be doing during the period. This in turn causes us to think mostly in terms of the quantities of our efforts. I ask that each of you and your component chiefs give some special thought to how we might improve the quality of our production and services, and translate the best of these ideas into program proposals.

3. I am not yet in a position to go beyond this request in giving you the kind of guidance which you should be receiving from me. Nor is there time for that at this late stage in this year's planning process. Next year we shall begin our approach to defining and quantifying our goals and our program at an earlier date -- about 1 September.
