I would like to express my personal appreciation for your co-
operation in providing employees of this Center with a recent on-
site tour of your facilities at the Air Force Weapons Laboratory.
The fact that you personally guided the group, even to the point of
giving up your afternoon off, added immeasurably to the worth of the
tour. The knowledge gained from this visit will be most useful to
our people.

The enthusiastic response and helpful cooperation of all involved
was appreciated. Special words of thanks are also due [Redacted]
[Redacted] for their participation.

Sincerely,
