1. [REDACTED] LIAISON Talked with Pat Holt, Senate Foreign Relations Committee staff. I alerted him to the National Intelligence Daily change and told him that beginning Monday, 3 May, he would be receiving the Daily instead of the Checklist. He said he was very pleased about this.

I also told Holt of Bill Ashworth's, also of the Committee staff, request for an update on [REDACTED] arrangement. I said if Ashworth is talking about the overall monitoring program we have nothing to do with that. I said we do have something going on with the [REDACTED] and we would get back to Ashworth about this. He asked that we follow up with Ashworth, but he said he would like me to stop in to see him (Holt) because as he understands it what we are saying contradicts what some other people are saying. I told him I would be by.

Holt said he wants to get the Director and Chairman John Sparkman (D., Ala.) and Senator Clifford Case (R., N.J.) together for a "Section 662" review. I said I would try to set something up soon.

9. [] BRIEFING / [] Following

[] 29 April meeting with George W. Ashworth, Senate Foreign Relations Committee staff, I called Bob Flaten, State Congressional Relations, concerning a briefing of Mr. Ashworth on an Agency activity [] I said Ashworth has asked us for details and I thought it best for the State Department to handle this matter. Flaten said he had already briefed Ashworth, but he had no objection to the Agency providing details since the Agency was doing the work. Flaten said he was not surprised that Ashworth contacted us because Ashworth has been designated by the Senate Foreign Relations Committee to stay on top of the matter. He suggested we go up together to brief Ashworth.

10. [] BRIEFING / [] After checking with []

[] I called George W. Ashworth, Senate Foreign Relations Committee staff, to determine his interest. He said he wanted a briefing on what the Agency was doing [] as he had only been given a general briefing by the Department of State. He mentioned [] plus anything else, and added that Pat M. Holt, Chief of Staff, Senate Foreign Relations Committee, asked him to contact us. A meeting was scheduled for 10 am, Tuesday, 4 May 1976. I said we may ask State to join us since we are simply doing a job for them. He said okay. Flaten will join me in Ashworth's office.

11. [] LIAISON I took a call from Tom Smeeton, on the Minority Staff of the House International Relations Committee, who said that Representative William Broomfield (R., Mich.) had received a letter from a constituent regarding political repression in South Korea and asked if we had a copy of the February issue of the magazine, "Concern," which contained an article on the above and was mentioned in the constituent's letter. I told him I would check and get back to him.

12. [] LIAISON In response to a request from

[] SE Division, DDO, I called Jon Holstine, on the staff of the Subcommittee on International Operations, House International Relations Committee, to find out the date and time of a hearing to be held on a resolution introduced by Representative Millicent Fenwick (R., N. J.) calling for the formation of a committee to monitor world compliance with the Helsinki accords.
