25X1 14. [redacted] LIAISON Sam Goldberg, State Department, called and asked me about our clearance procedures for staff members of committees. I told him we usually grant clearances on the basis of DOD investigations. Goldberg said that State usually goes by whether CIA has granted a clearance before they grant one. In this particular instance, there was no record of a CIA clearance. I told Goldberg that the person in question had appropriate clearances and he should feel free to check with [redacted] on any future cases.

4. [redacted] LIAISON Kempton Jenkins, Congressional Liaison, State Department, called to report that the briefing of Pat Holt, Chief of Staff, Senate Foreign Relations Committee, by Larry Eagleburger, State Department, had gone well and that Holt said there would not be any insurmountable problems in connection with the nomination hearings. Jenkins will now brief Bob Dockery, on the Committee staff, when he returns to Washington and will then return our classified memo.

10.

[Redacted]

LIAISON Received a call from J. J. Hitchcock, at the State Department, who is handling State's liaison with the Senate Select Committee on Intelligence. He informed me that he had just met with Bill Miller, Staff Director of the Committee, and Miller had informed him that the Committee was establishing four Subcommittees: Budget, Human Rights, Charters, and Collection and Production. The Collection and Production Subcommittee is apparently going to begin its work next week by requesting copies of all intelligence publications.

12. [Redacted] LIAISON Called John Swanner, Standards of Official Conduct Committee staff, and told him that John Marshall, of the staff, has been in touch with the Agency concerning the Committee's plans to have

25X1

[Redacted], appear before the Committee with a representative from State Department. This is in response to the Committee's desire to talk with someone from the Executive Branch concerning the leak of the House Select Committee Report. Swanner informed me that they have information that the Agency received copies of the report on 22 February and they would like to have the Executive Branch on record that the Agency did not have copies at that time. Swanner also said he thought it would not be in executive session. I told Swanner it was my understanding that it would be executive. Swanner said he felt it would be in our best interests to have this session open and I told him that I was worried about the Committee members going off on tangents. We agreed to keep this in the channel with Marshall, Special Counsel for this investigation.

9. (Unclassified - THW) CONSTITUENT I called Carole Gray, in the Falls Church district office of Representative Joseph L. Fisher (D., Va.), and apologized for the delay with respect to the inquiry from their constituent,  I told her I would have a letter to her in a day or two.

10. (Unclassified - THW) LIAISON I called Pat Holt, Chief of Staff, Senate Foreign Relations Committee, and thanked him for allowing us to review the 6 March 1973 transcript of the testimony of former Director Helms and told him that we had some problems that we would work out with the Department of State and the Department of Justice. He said he had no problem with that procedure.

11. (Unclassified - THW) LIAISON Cliff Hackett, House International Relations Committee staff, called with respect to the document on the Italian Communist Party, which he had requested to read. I told him that it was a working paper and did not necessarily reflect the views of the Agency. I reminded him of our previous conversation when I said that the document contained information that could reveal intelligence sources which the Director has the responsibility to protect. Based on this, we felt that we could not provide him with the document but that we would be glad to give him a briefing on the matter if he would specify his needs. Although he wasn't happy with that answer he said he would think about the briefing.

12. (Unclassified - THW) LIAISON I called J. J. Hitchcock, INR/State Department, and told him that we had minor problems with the transcript of former Director Helms, which we believe we could work out with the Department of Justice in order to allow the release of the transcript. I told him that Justice had the opinion from the State Department's letter that State was leaving the release of the report up to us. Hitchcock said that this was not so, that State would probably still object to its release regardless of what the Agency felt. It was decided that we would get together with Hitchcock to discuss the matter before we sit down with Justice on an in-depth declassification review. Hitchcock said he would also like to be present when we discussed details of sanitization with Justice.  OGC, was advised and will handle the follow-up in this matter.
