ENCLOSURES: None

ORR REQUIREMENT NO. RR/HTA/E/R9/56: Determine if there is a gap in the east-west railroad line through Zelenia Gora, Poland, or whether the railroad bridge has been restored.

REMARKS:

Zelenia Gora, formerly the German city of Hirschberg, is located on an active east-west railroad line in SW Poland. There are three railroad bridges in the immediate area of Zelenia Gora, one large multi-span bridge over the Bober river and two small bridges over a tributary. All three of these bridges appear to be in use and in good condition.
