ORR REQUIREMENT NO. RR/HTA/E/R18/56: Report any expansion or change since 1944 in the Kazitskiy Radio Plant 616. Describe antenna structures on the roofs, radar trailers in the plant area, or any other indications of the type of electronic equipment produced in this plant.

REMARKS:

The Kazitskiy Radio Plant 616, located on Vasil'yevskiy Island in W Leningrad, covers the NW half of two adjacent city blocks. The installation appears unchanged since World War II except for the addition of one small building.

The small scale of the photography precludes the identification and description of antenna structures or any indications of the type of electronic equipment produced in this plant.
