Tyuratam Probable Long Range SAM Launch Complex

COUNTRY	GEO COORDINATES	WAC
USSR	45-47N 063-12E	0246
REFERENCES		

The Tyuratam Probable Long Range SAM Launch Complex is located approximately 10 nautical miles NNW of Tyuratam. The secured complex is in an early stage of construction and consists of 3 launch sites and a tracking/guidance facility. The launch sites are in a very early stage of construction, activity being limited to the central control position. Construction of the launch area main road is the only other activity observed in the area. At the tracking/guidance facility initial grading for 3 radar mounds and the central control position is observed.

No support facilities are discernible.

Orientation of the complex is approximately 120 degrees and it is situated approximately 300 feet above mean sea level.
