1. Since the previous memorandum (IOM PID/ABCB 159/63, 25 July 1963) on Bohunice, Czechoslovakia, which was based on a search of KEYHOLE mission [REDACTED] the only mission over the area was KEYHOLE mission [REDACTED]. A search of this mission revealed that the town of Bohunice and vicinity is cloud covered. Only a few small clear areas exist and these are around the town of Jablonica, 48-36N 17-26E, about 11 nautical miles (nm) NW of Bohunice. A search of these clear areas revealed no indication of the existence or construction of a nuclear power station. It is recommended that when new coverage of Bohunice becomes available another search of the area should be made.
