Funds for Medical Consultations and Hospitalization

25X1A

1. It has been brought to the attention of [redacted] by the Finance Division that the funds available to us for medical (specialist) consultations are only to be used for personnel going overseas, according to existent regulations. There are no funds available for hospitalization.

25X1A

2. It is important that we be able to refer certain [redacted] Employees to consultants; most of these consultations are psychiatric. Occasionally it is necessary to hospitalize employees for diagnostic studies; provision should be made for this.

25X1A

3. I respectfully submit this problem for your consideration.
