MEMORANDUM FOR THE RECORD

FROM : John N. McMahon
Associate Deputy Director for Administration

SUBJECT: Personal Property Claim from [REDACTED]

1. The DDA was in receipt of a recommendation from the Claims Review Board addressed to the Inspector General regarding the personal property claim of Mr. [REDACTED]. The Board sought to have the Inspector General substantiate the validity of the claim. Apparently the Claims Review Board and East Asia Division were unsuccessful in obtaining sufficient data from Mr. [REDACTED]. Due to the [REDACTED] where he was stationed, [REDACTED] lost all records which would have been helpful regarding his claim.

25X1A 2. Rather than forward the recommendation to the Inspector General, I discussed the claim with [REDACTED] and [REDACTED] of the IG Staff, as well as Mr. [REDACTED] Chairman, Claims Review Board. As a result of that discussion it was agreed that I would return the claim to the Claims Review Board with the request that the Board attempt to identify that portion of the claim which could be accepted and we would disapprove the remainder, thus placing the onus on Mr. [REDACTED] to either come up with further justification or seek appeal through proper channels.
